

Sunforce 38938 300 Watt Solar Kit:

The Sunforce Products 300 W crystalline solar kit comes complete with 2 x 150 W solar panels, 30 A digital charger controller, 300 W inverter, wiring, brackets, screws, and a voltage tester. The solar panels have aluminum frames for extended outdoor use. The bypass diode minimizes the power drop caused by shade. This kit is ideal for RVs, homes, boats, back-up and remote power use, 12 V battery charging, and solar power stations, pumps, and lighting equipment. The solar panels have high efficiency crystalline solar cells. This kit is easy to install and completely maintenance free. The solar panels are completely weatherproof, and come with a 25 year limited warranty. Connect multiple panels for more power. Max Power: 300 W, 8.8 A per 150 watt panel

Features:

- Ideal for permanent installations
- Ideal for areas with high sun exposure
- Maintenance free and easy DIY installation
- Aluminum frame for extended outdoor use

Includes:

- (2) 150 watt monocrystalline solar panels
- (1) 300 watt power inverter
- (1) 30 amp digital charge controller
- Wiring, mounting brackets, and a voltage tester

Warranty:

- 25 year limited warranty on solar panels
- 1 year warranty on inverter and controller
